I've tried to contact them but there was no response. Since the SIDA membership of Sam and Roger have already expired, I propose to change the status of this project from "On-hold" to "Aborted an closed to public".

Item	TimeStart	TimeEnd	Duration	Speaker	Content {Meeting Tweeter Ver 2.4 (U001R02)}
020	23 Aug, 2014,1521	23 Aug, 2014,1526	5.00 Min	Jason	We will now proceed to Project MH370. Before doing that, I will need to brief Tan and Jerry on the non disclosure agreement.

024	23 Aug, 2014,1539	23 Aug, 2014,1540	1.00 Min	Jerry	OK.
025	23 Aug, 2014,1540	23 Aug, 2014,1542	2.00 Min	Jason	Now that the NDA is done, I will present Project MH370 version 3.0
026	23 Aug, 2014,1542	23 Aug, 2014,1612	30.00 Min	Jason	(Presentation on Project MH370 version 3.0)
037	23 Aug, 2014,1636	23 Aug, 2014,1651	15.00 Min	All	(Break time)
038	23 Aug, 2014,1651	23 Aug, 2014,1656	5.00 Min	Jason	I proceed to discuss the revision of SIDA Patent Assistant Guideline from version 2.0 to version 3.0. The reason of this revision is because in the mist of doing SI-AP Project LAPTOP, I have now a better idea on the work needed to do Patenting. Based on this experience, there is a need to revise the Guideline to better reflect the actual cost of the patent assistance process.
039	23 Aug, 2014,1656	23 Aug, 2014,1706	10.00 Min	Jason	(Explanation on the revision)
040	23 Aug, 2014,1706	23 Aug, 2014,1713	7.00 Min	David	The part where inventor engage the patent assistant to do all the patent process. The inventor have to pay S\$4700 to patent assistant, then the inventor have to pay additional \$470 for SI-AP fund. This is wrong, it should be inventor pay \$4700 to patent assistant, then the patent assistant pay \$470 to SI-AP fund for the opportunity that SIDA offer to let the patent assistant learn the patent process.
041	23 Aug, 2014,1713	23 Aug, 2014,1714	1.00 Min	Jason	OK, sound logical to me. I'll make the change.
042	23 Aug, 2014,1714	23 Aug, 2014,1715	1.00 Min	Jason	Is there any other concern ? If not, this guideline is approved in this meeting.
043	23 Aug, 2014,1715	23 Aug, 2014,1716	1.00 Min	All	OK.
044	23 Aug, 2014,1716	23 Aug, 2014,1719	3.00 Min	Jason	The next item on the agenda is SI-AP Corporate. Please take note that this system in addition to our current SI-AP Inventor and SI-AP Team. But SIDA is not ready to implement this system, so I will only explain the basic concept. SIDA does not have the membership resources to start this system.
045	23 Aug, 2014,1719	23 Aug, 2014,1729	10.00 Min	Jason	(Explanation on the SI-AP Corporate)
046	23 Aug, 2014,1729	23 Aug, 2014,1730	1.00 Min	David	If worker got a invention, then it should belong to the boss. There is no question on that.
047	23 Aug, 2014,1730	23 Aug, 2014,1732	2.00 Min	Tan	I can see the point of this system. Everytime the Boss tell his Workers to come up with new invention for the companies, the Workers always say "Boss, no time. If I do the prototype plus patent process, it will take me more than 3 years." So SIDA come in to help the Boss motivate their Workers and speed up the patent process.

Item	TimeStart	TimeEnd	Duration	Speaker	Content {Meeting Tweeter Ver 2.4 (U001R02)}
048	23 Aug, 2014,1732	23 Aug, 2014,1735	3.00 Min	Jason	Yes, Tan is correct. SIDA will act as the middle man between the Boss and the Workers. Workers trust SIDA because it has a system that is fair to both parties. If the invention is valuable, the Boss earn money and the Worker get proper compensation for his/her efforts.
049	23 Aug, 2014,1735	23 Aug, 2014,1736	1.00 Min	Jason	Any more question on SI-AP Corporate.
050	23 Aug, 2014,1736	23 Aug, 2014,1737	1.00 Min	Kim	I like to add that there is growing number of initiatives by maker faire. SIDA can set up a booth to promote membership.
051	23 Aug, 2014,1737	23 Aug, 2014,1738	1.00 Min	George	Yes, we have been doing that in the past. We should consider continuing doing that in the future.
052	23 Aug, 2014,1738	23 Aug, 2014,1739	1.00 Min	Jason	Last item is Invention gossip. I will show you some youtube video on the latest
053	23 Aug, 2014,1739	23 Aug, 2014,1742	3.00 Min	All	(Youtube video on Me-mover)
